

IMPORTANT - This ring size guide must be printed out, do not just place a ring on the screen because you will not get the correct size.

To ensure these circles are the correct size make sure you print at 100% and page scrolling is switched off. If the scale of this printout is correct the two lines below should each measure 80mm.

This line should measure exactly 80mm

This line should measure exactly 80mm

To determine your ring size

Take a ring that fits you comfortably and position on this **printout** it so that the **outer** edge of the circle fits flush against the **inside** edge of your ring.
